

# 3 STEPS TO EFFICIENT LOAN PROCESSING

In the world of loan processing, information needs to be easily accessible in a single place but also securely managed. Getting the right balance between speed and compliance. to make an informed decision as quickly as possible, is the ultimate goal.

## 1 CREATE A DIGITAL VAULT

Providing a single space for all loan related content is a vital step to delivering secure, centralized access to the information needed to drive fast, informed approval decisions.

## 2 ENSURE PII REMAINS PERSONAL

Personally identifiable information (PII) such as address and date of birth information needs to be treated with care. Use automated redaction to prevent un-authorized viewing of this private data.

# 2

## 3 PROVIDE A SINGLE VIEW OF ALL INFORMATION

Having access to all of the relevant information in a single, user-friendly interface is critical to processing effectiveness. Ensuring that this single view is accessible from any connected desktop, mobile or tablet device delivers added benefit - especially for remote workers.

## TAKE YOUR LOAN PROCESSING TO THE NEXT LEVEL WITH ARENDER

### COLLABORATE ON YOUR CONTENT

Loan processing often requires several auditors in a review process. ARender allows users to quickly and securely discuss information with other auditors enabling simple yet efficient collaboration.

### VIEW ANY FILE TYPE

ARender allows you to view and work on all of the files that are associated with a loan application. Proof of ID scans, bank statements, PDF forms and more - all without needing any software applications installed on your mobile or desktop.

### ANY DEVICE

Modern loan processing requires access to information from any device in any location - 100% of the time. ARender works on any web browser and requires zero installation - perfect for quick and secure processing wherever staff are working from.

### COMPLETE COMPLIANCE

ARender provides multiple levels of security and compliance. From full audit trails to redacted content, every action is carefully controlled - and as an added layer of security no changes are ever made to underlying documents or files.

CONTROL YOUR LOAN PROCESSING WITH ARENDER
